

COMPANY PROFILE & OVERVIEW

IT Infrastructure • Security • Smart Workplace Solutions

Empowering modern enterprises with end-to-end technology solutions designed for reliability, high-performance networking, and robust cyber security.

ABOUT ZYLORIQ

Zyloriq delivers reliable IT infrastructure and technology solutions that help businesses operate smarter, faster, and more securely. We provide end-to-end services across networking, cloud productivity, cybersecurity, surveillance, and smart office technologies—tailored precisely to dynamic business needs.

WHY CHOOSE ZYLORIQ

- **Experienced Engineers:** Certified professionals for reliable execution.
- **Fast Response Times & SLA-Driven Support:** Ensuring zero operational downtime.
- **Security-First Approach:** Enterprise protection built into every workflow.

CORE DELIVERABLES

- **Scalable Enterprise Solutions:** Designed to seamlessly expand with your business.
- **Customer-Centric Delivery:** Tailored strategies focused on client priorities.
- **End-to-End Partnership:** Full execution from design to ongoing managed support.

End-to-End Service Solutions

- **Desktop & Laptop Support**

Hardware diagnostics, OS troubleshooting, maintenance, and fleet management.

- **Networking Solutions**

Structured cabling, LAN/WAN setup, high-performance Wi-Fi, and network security.

- **Microsoft 365 & Google Workspace**

Cloud productivity migration, domain setup, user licensing, and email administration.

- **Office & Cloud Server Solutions**

On-premise server deployment, cloud virtualization, hybrid setup, and data storage.

- **Cybersecurity & Endpoint Protection**

Enterprise firewalls, endpoint protection, threat prevention, and data safety.

- **CCTV Installation & Maintenance**

High-definition IP surveillance cameras, NVR/DVR setups, and AMC support.

- **Biometric & Access Control**

Attendance tracking systems, biometric readers, card access, and door automation.

- **Video Conferencing Solutions**

Smart conference room setup, high-grade AV integration, and seamless collaboration.

- **Power Backup / UPS**

Online UPS systems, heavy-duty battery backups, and power stabilization solutions.

- **Commercial Printer Sales & Support**

Multi-function enterprise printers, managed print services, supplies, and maintenance.

- **Intercom System Solutions**

EPABX and IP-PBX systems, VoIP intercommunications, and modern workplace telephony.

- **Digital Signage Display Solutions**

Commercial displays, central content management, and digital announcement panels.

- **Interactive Touch Displays**

Interactive panels for modern boardrooms, training centers, and collaborative spaces.

- **Public Address (PA) Systems**

Zoned PA speakers, emergency announcement systems, amplifiers, and audio routing.

- **Swing Barrier Systems**

Turnstiles, physical access gates, automated barriers, and entrance management.
